DEFCON

YOUR TRUSTED AND RELIABLE AUTO CARRIER COMPANY

Auto Hauling

When relocating permanently or even on a temporary basis, a lot of your personal belongings need to go along with you

Motorcycle Shipping

Motorcycles are strapped onto a special skid and secured with soft straps. Units other than motorcycles are secured directly to the truck using straps.

Enclosed Trailer Transportation

Enclosed trailer transport uses a covered, contained transport truck to move your car. This is in comparison to open transport

“

Thank you very much for your teams excellent assistance during the move.They were fantastic and it is by far and beyond the best move we have ever experienced

Marina Leopold

WHY CHOOSE US?

Combined experience of 25 years in the industry

Superior customer service

We recognize that each customer may be different with unique requirements so we provide our customer with the personalized service touch. A dedicated Customer Service Representative, (CSR) is assigned. We believe that assigning a dedicated CSR results in better overall service and support for the customer.

In depth industry knowledge

Our team of professionals understand the importance of staying on top of industry news, challenges, and game changing events so we can assess the impact to our customers. Based on our assessment we will determine go forward steps if at all necessary to ensure our customers are looked after accordingly.

We Offer

We offer our customers bespoke and fully integrated multi-modal transportation solutions. We care about how we do our work and we care about delivering for our customers without excuses.

Our focus

To fully maximize our roles as freight forwarders, we decided to focus on dealing with problems related to shipment processes and delivery. If your business is in need of a freight forwarder to handle huge amounts of cargo to be delivered on time across the continents, Defcon Transport is more than ready to give you a solution.
